Letter of Recommendation

To whom it may concern,

This is to confirm Fernando Almaraz as an employee of Global Reborn Group, Including as a back-end developer, from October, 2025 to February 2026. During this period, Mr. Almaraz was occupied with the following duties & responsibilities:

- Worked on the front and back-end development of the Reborn Developments Platform (www.reborndevelopments.com)
- Worked on the front and back-end development of Reborn Rental Website (www.rebornrental.com), including integration with ERP, CRM and more.
- Worked on building and integrated a custom LLM into the back-end of Rekaliber ERP Project.
- Redesigned and maintained the overarching security architecture for the Rekaliber Project.
- Maintained scalable database structures, optimizing server performance and ensuring high availability and data integrity across all web platforms.
- Researched and communicated with third-parties regarding API integration requirements and technical scope.
- Assisted the Project Managers and the IT team with other tasks set up in a timely and accurate manner.

Mr. Almaraz has demonstrated good communication and time management skills. He is very cooperative and flexible. All of the tasks were completed in an accurate and timely manner. Fernando is a very outgoing person, smoothly transitioning into new environment. We can sincerely recommend Fernando Almaraz as an all-around well-developed individual with further capacity in potential.

Sincerely,

Andrii Mytropolskyi Chief Executive Officer.

Reborn Alpha Limited trading as Reborn Developments™.
